

Место Земли в космосе

Содержание

- Вселенная и галактика
- Земля в космосе
- Строение Земли
- Окончание

A composite image showing the solar system on the left and a spiral galaxy on the right. The solar system is depicted with the Sun on the left, showing solar flares, and the planets Mercury, Venus, Earth, Mars, Jupiter, and Saturn on their respective orbital paths. The galaxy on the right is a spiral galaxy with a bright central nucleus and a visible spiral arm.

Вселенная и галактики
